What is DTS?

The Discipleship Training School (DTS) is a transformative five-month experience in which you will learn to be a **missionary disciple**, lived in community and full-time. It is divided into **two phases**: a three-month **learning phase** and a two-month **mission phase**.

During this time, you will live your faith day by day through **daily Eucharist, weekly Eucharistic adoration, Lauds, Bible study, and formation classes**, deepening your relationship with God and growing in faith through community life and the sacraments, in order to go on mission and **make Jesus known**.

MISSION

For **two months**, you will experience **mission** up close, collaborating with dioceses in Spain and other countries.

You will put into practice what you have learned, **using your talents** (music, art, theater, or photography) to share the Gospel creatively.

We will visit schools and high schools to bring the message of Jesus to young people, and you will learn to share your own faith story and work as part of a team, while **serving the Church** and discovering your **vocation**.
